

Early Childhood Education:

Child Care Health Advocate

Online

Fall 2018

Health Advocates are early childhood practitioners (directors, lead teachers, family child care providers) who see to it that their program integrates best practices in health,

safety and nutrition. Northampton Community College offers a credit course

intended to prepare the child care practitioner to function in the role of a child care health advocate (CCHA).

Participants will learn to assess, identify, and prioritize health and safety needs of children and staff, and to

collaborate with a registered nurse or licensed physician who serves as the facility's child care health consultant.

COURSE INFORMATION

Child Care Practitioners are prepared to function in the role of a Child Care Health Advocate (CCHA). The course provides 15 health and safety modules and involves participants in learning experiences that can be used at their facility. The course is open to all early childhood staff including directors, teachers, and assistant teachers who will be identified at their site as the CCHA. Students may register for a public section from any location. Register early to be sure you have a place for the upcoming term.

Format: Online

Course Code: EARL160-WA

Dates: August 20 - December 15, 2018
